

HARMONIOUS FAMILY SOLUTION

LAST WILL

Result

In school, our report card is the only way to show our result.

In society, our assets liabilities statement is a tool to show our result.

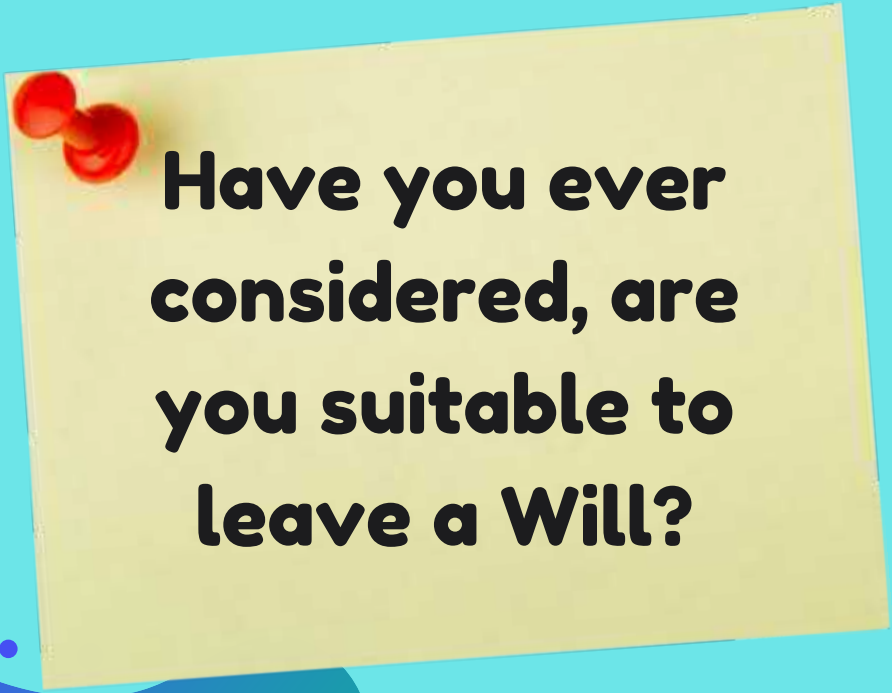

However, our Last Will and Testament is the outcome of our entire life result after we leave the earthly world.

When we are kids, parents tell us to study in a good school

After we stepped into society to work, parents tell us don't miss out a good life partner.

When we have our 1st asset in life, friends and family will advise us do not miss a chance to have our last will.

James Dean said "Dream as you will live forever, live as if you will die today!" It is never too late for you or me to have our Last Will & Testament.
